

Join the **VALUE CARE CLUB**

Don't let this happen to you:

You come home from work and the house feels like an oven. You check the thermostat. It is set on 76 but the temperature reads 87. You hear air blowing, but it is all hot air. You go to the Yellow Pages and call the first company listed under air conditioning. The phone rings, but there is no answer. You hang up in disgust and call another company. The person on the other end listens politely, explains how busy they are, but promises that they will do their best to work you into their schedule sometime next week!

Instead have peace of mind:

Value Care Club members have peace of mind that they won't ever be in that situation. Their equipment is serviced twice a year, and therefore, lasts longer and breaks down less frequently. But in the event that something does go wrong, Value Care Club members move to the top of the service list should they have a need. Taking care of our members is part of providing value you can trust. We will be there for you when you need us.

Call 770-682-0075 or sign up online at www.TriadMechanical.com
